

HEALTH AND WELLNESS

Eye Checkup Camp

CLASS :- 1 -12

EVENT REPORT

An eye checkup camp was organized in the school premises on 20th November, 2023 to check the eyesight of students.

Objective of the camp was to create awareness about eye health among students and parents.

The camp was conducted by the organization 'Vision Spring' under the supervision of management and teachers. The camp started at 8:30 am sharp with the help of teachers and students. This camp lasted for two days.

The doctors examined the eyes of the students and gave valuable suggestion to keep their eyes fit and healthy.

50 students who were found to have weak eyesight. They were provide free of cost **perfectly fitted spectacles**. They were unaware of their eye defects. After wearing spectacles they were able to see clearly and were feeling good. Students got a lot of information / suggestions about eye related disorders from this eye checkup camp.

This camp was very beneficial for our students.
